## Flood Mitigation Funding Opportunities for State and Local Governments

Program Name	Agency	Description	Type of Grant	Funding	Deadlines
<a href="#">Planning Assistance to States Program</a>	USACE	The U.S. Army Corps of Engineers can provide states, local governments, and other non-federal entities assistance in the preparation of comprehensive plans for the development, utilization, and conservation of water and related land resources.	Cooperative Agreement	The individual study usually receives \$25,000 to \$75,000 in federal support.	Letter of interest to be submitted to the USACE district office.
<a href="#">Flood Damage Reduction Projects (Continuing Authorities Program Section 205)</a>	USACE	This U.S. Army Corps of Engineers program provides funding to study, design, and construct small flood control projects in partnership with non-Federal government agencies, such as cities, counties, special authorities, or units of state government.	Cooperative Agreement	The Feasibility Study is 100 percent federally funded up to \$100,000. Costs over \$100,000 are shared equally with the non-federal sponsor.	Letter of interest to be submitted to the USACE district office.
